BALKAN STATES CONCLUDE PEACE

Treaty Will Be Signed by Servia, Greece, Montenegro, Roumanania and Bulgaria

BULGARIANS DISAPPOINTED

The New Frontier As Agreed to in the Conference Is A Deep Disappiontment to Bulgars Who Hope for Its Revision

PEACE NEWS CAUSES MUCH REJOICING

BUCHAREST, Aug. 6.—Peace was concluded tonight between the Balkan states and the preliminary treaty will be signed tomorrow by the delegates of Servia, Greece, Montenegro, Roumania and Bulgaria. The agreement was arrived at only after another exhibition of the utter helpessness of Bulgaria to face her ring of enemies.

Wednesday the discussions in the peace conference threatened to become interminable, but M. Majoresco, the Roumanian premier and president of the conferene, clinched matters by threatening that unless Bulgaria accepted the modified frontier proposed by the allies, Roumania's army would occupy Sofia next Saturday. This threat had the desired effect and an agreement was arrived at today after numerous private consultations between the delegates and a four hours sitting of the conference.

The new frontier as agreed to starts at a point on the old frontier west of the Struma river, follows the water shed to west of the town of Strumnitza, thence runs almost through the Struma valley to the Beles mountains and thence easterly in almost a straight line to the Mesta river, thus leaving the town of Strumnitza, the Port of LaGos and Kanthi to Bulgaria and the port of Kavala to Greece. The new frontier is a deep disappointment to the Bulgarians who still nurse hopes for its eventual revision by the powers. It is believed that an agreement for the de-mobilization of the various armies will be signed tomorrow.

The news that peace had been arranged caused great rejoicing here.

The war between the Balkan allies who had fought shoulder to shoulder against Turkey, began on July 1. On that date the Servian minister of the interior declared that Servia was at war with Bulgaria. On the same day Greece also announced that a state of war existed but did not make a formal declaration.

Roumania declared war on July 10 and moved her troops over the Bulgarian frontier to occupy the strip of territory from Silistria on the Danube to Varna on the Black sea, which she claimed "in order to re-establish the balance of power."

The trouble between the allies arose from the difficulty of dividing the territory captured by them from Turkey. Severe fighting followed and many thousand men were killed or wounded. Soon after the beginning of hostilities, numerous massacres and acts of pillage were reported to have been committed by the various armies.

The Montenegrin troops never came into action during the period of hostilities, although they also were nominally at war with Bulgaria.

Third Balkan War?

London, Aug. 6.—The second Balkan peace conference having concluded peace on a basis of compromise which is unsatisfactory to all the states concerned, except possibly Roumania, the question is being asked how soon a third Balkan war will break out?

Bulgaria has obtained under the agreement reached in Bucharest today a considerable portion of northern Macedonia—much more than the allies were at first inclined to give her—and also about sixty miles of the Aegean seaboard, which will enable her to build her projected railway from Phillippopolis to the Aegean.

Bulgaria, however, deeply resents being deprived of Kavala, a port on Kavala bay which goes to Greece. Also she is confronted with the task of expelling the Turks from Adrianople, it being clear that the powers will do nothing in this direction. Bulgaria will seek to introduce in the peace protocol to be signed at Bucharest tomorrow a reservation practically appealing to the European owers for a subsequent revision of the eace treaty.

The details of the new frontier line are still unknown, but apparently the whole of the disputed country between the northerly course of the Vardar and Struma rivers goes to Servia, including Ovcepolye, Veles, Istip and Kotchana, while Demirhissar, Seres, Drama and Kavala fall to Greece.

According to a despatch to the Daily Telegraph from Bucharest the order to demobilize has been officially promulgated.

Dow City, Iowa, Aug. 6.—M. H. Blading, 75 years old, sexton of a local cemetery, committed suicide by hanging himself to a tree in the cemetery last night. His body was discovered to day. His reason for the act is not known. It is said that immediately after eating his dinner last night he went to a store, purchased a rope and returning to the cemetery, killed himself.

MINERS APPEAL FOR SENATORIAL PROBE

RESOLUTIONS ASKING SUCH ACTION ARE ADOPTED AT MASS MEETING

County and State Authorities Are Condemned For Ordering Troops Into Strike Zone—Soldiers Guarding Osceola Mine Are Fired Upon.

CALUMET, Mich., Aug. 6.—Direct appeal for a senatorial investigation of the copper miners' strike was made by the Western Federation of Miners today. Resolution asking such action were adopted at a mass meeting which with "Mother Jones" as the magnet, drew to Laurium several strikers and other residents of the copper field.

The resolutions condemned the county and state authorities for ordering troops into the coal strike zone.

While the striking union men were rallying, additional steps were taken toward organizing those employes of the Calumet and Helca Mining company who supposedly are willing to return to work. These men are to assemble tomorrow to hear a report of a committee which yesterday conferred with the company management.

Two members of Company H., Detroit were fired upon at dusk according to a report that reached Brigade headquarters tonight. The men were guarding the Osceola mine when two shots came out of the woods. One bullet struck a rock and glanced within a few inches of the sentries. The other struck the shaft house. Tonight there was more firing at that place, sentries reporting that prowlers were numerous and disinclined to obey orders to halt.

To Extend Dock Workers Strike.

Duluth, Minn., Aug. 6.—Indications tonight point to the possibility of one of the most wide-spread strikes ever experienced by great lake dock workers. Efforts are being made to extend the ore dock strike now involving Duluth and superior to every ore shipping point on the lakes.

The men want higher wages and improved working conditions.

Attorney Manwell's Funeral.

Marysville, Cal., Aug. 6.—The funeral of District Attorney E. T. Manwell, who was killed last Sunday in the riot of hop pickers at Wheatland, was held here today under the auspices of the Masonic lodge. A detachment of the National Guard of California headed the funeral procession and the streets were lined with people who bared their heads as the cortege passed.

A riot was narrowly averted while the funeral was in progress when a body of men, alleged to have been Industrial Workers of the World shouted insults at the passing militiamen. Citizens threatened the men and they departed.

STRIKERS CHARGE UNFAIR DISCRIMINATION

Strike Investigating Committee is Called Upon to Probe Charges Against Bell Company.

St. Louis, Aug. 6.—The strike investigating committee of the lower branch of the municipal assembly was again called upon tonight to act in the local telegraph and telephone strike, a settlement of which was announced by the Bell Telephone company officials and labor leaders yesterday. Strikers declare the telephone company is making unfair discrimination in taking back the striking telephone operators. The strikers' representative said that only four out of twelve girls who applied for reinstatement were taken back. Two were offered positions at a lower wage than they were getting before the strike, the girls said.

General Manager Hiss of the telephone company said tonight he would welcome an investigation of the charge that the telephone company was not living up to its part of the strike settlement agreement. He said he would keep all his promises to the girls but that it would take a week to arrange for their return.

Will Exclude Police From Parade.

As a result of their activity in the recent telephone operators' and waiters' strikes, the local police will be excluded from the Labor day parade this year, it was announced by union leaders here tonight. Each union will have a mounted guard to do the work done by the police in former years.

POLICE SEEK TO RE-ARREST PRISONER RECENTLY RELEASED

Robert Cade is Again Wanted in Connection With the Murder of Bennie Holstein.

Chicago, Aug. 6.—Robert Cade, arrested on suspicion of having knowledge of the murder of Benjamin Holstein in Morgan Park July 31st, and later released is again being sought by the police. A photograph button bearing the picture of a three year old girl was to day identified as the niece of Cade. The button was found a few steps from the spot where Holstein's body was found.

When the police sought to rearrest Cade they learned that he left the city immediately after his release.

Mrs. Holstein declared that her son had been attacked two years ago by Cade and said that he had told her recently that Cade was again after him.

MEXICANS DISLIKE PRESIDENT'S PLAN

Object of President's Personal Representative's Visit Arouses Antagonism in the Republic

OBJECT TO LIND'S MISSION

Prominent Mexicans Oppose Idea That Lind Should Be Sent Expressly to Seek the Elimination of President Huerta

WILL NOT GET MUCH CONSIDERATION

BULLETIN.

MEXICO CITY, Aug. 7.—John Lind, special representative of President Wilson of the United States, now on his way to Mexico, will be persona non grata to this government unless he brings credentials in due form, "together with recognition of the government of Mexico," according to a statement issued late last night.

MEXICO CITY, Aug. 6.—Increased antagonism has been aroused among Mexicans toward President Wilson's plan for the pacification of the republic by the latest news from Washington that the object of John Lind's visit here as the personal representative of President Wilson is to consult with prominent Mexicans and advise them that the only basis on which Mexico will be recognized by the United States is the elimination of President Huerta. Earlier reports that Mr. Lind purposed to deal with Huerta perhaps by making the direct suggestion that he resign were received with indignation by Mexican officials and the new angle of his visit makes it not improbable that he will be treated with even less consideration than otherwise would have been accorded him.

It was pointed out by a prominent Mexican today that in the former case the government might not consider itself obliged to act until the suggestion was actually put forward by Mr. Lind but that in the second case the government would be justified in characterizing him as one who was inciting Mexicans along lines of sedition and in applying the pernious foreign expulsion of the constitution.

This Mexican also indicated that since Mr. Lind was coming to Mexico in an unofficial capacity and with no credentials he could not expect more consideration or immunity than an ordinary foreigner would receive. Mexicans familiar with international law are reluctant to believe that Mr. Lind's instructions are for him to deal with others than the officials of the government.

City in State Siege.

A despatch from Guaymas to the German charge d' affaires here says the streets of Guaymas are barricaded, the harbor is closed and the city is in a complete state of siege. The despatch adds that the German colony regards itself in danger.

"On Mission of Peace."

Secretary of State Bryan sent the following telegram to the American legation tonight:

"You may say to the minister of foreign affairs that Governor Lind comes to Mexico on a mission of peace and that the president feels sure his presence there will contribute toward a settlement of the difficulties. The Mexican government should await the president's communication and not give weight to misrepresentations published in sensational newspapers."

The message was delivered to the foreign minister.

Other Americans Released.

Washington, Aug. 6.—Change O'Shaughnessy at Mexico City notified the state department today that he had been advised by the Mexican foreign office of the release of Biesel, McDonald and Herrell, the Americans who had been held in Chihuahua prison since July 16. The foreign office assured the charge that the matter of an equitable compensation for the loss of an automobile, taken from the Americans, had been referred to the minister of finance with recommendation that the most liberal settlement permissible under the law be made.

The men were charged with infraction of the law in taking bullion out of Mexico. Their release was demanded by Counsel Letcher at Chihuahua and by the embassy staff in Mexico City, acting under instructions from Secretary Bryan.

From Saltillo, it is reported that telegraph communication which has been interrupted since Aug. 1 was resumed today and first through mail since July 31 was expected today.

Delayed by Derailment.

Houston, Texas, Aug. 6.—John Lind, enroute to Mexico City as the personal representative of President Wilson, was delayed in his journey by the derailment tonight near Houston of the train on which he is traveling. Mr. and Mrs. Lind were not hurt.

American is Released.

Mexico City, Aug. 6.—L. Blum, the American arrested here yesterday on a charge of complicity in a plot to assassinate Provisional President Huerta, has been given his liberty, provisionally pending an investigation by the authorities.

Ask Americans' Release.

New York, Aug. 6.—Attorneys for the Madera company, whose headquarters are in this city, have notified the state department at Washington of the arrest of five of the officers of the company, all Americans at Pearson and Madera, Mexico, by the Mexican federal authorities and have also asked their release from the federal government at Mexico City.

BANKERS WILL MEET TO DISCUSS BILL

WILL CONVENE IN CHICAGO TO DEBATE CURRENCY MEASURE

Currency Commission of American Bankers' Assn., Calls Meeting to Consider Pending Bill in Order That Merits or Defects of Same Can Be Brought to Attention of Congress.

New York, Aug. 6.—In a circular letter sent out today, the currency commission of the American Bankers' association invited the presidents of the several State Bankers' associations and representaitves of all clearing houses to meet with the commission in Chicago this month to discuss the proposed currency bill. This meeting is contingent upon the action of the Democratic caucus of the house of representatives at Washington, August 11. In a letter A. Barton Hepburn, chairman of the commission says:

There have been no public hearings on this measure. This is a very improtant subject, vitally affecting all business interests of the country. it would seem wise that the same to be given serious consideration in some practical manner by the banking interest and that some form of public expression be made at this time.

"A representative assembly of this kind is very much desired in order that the merits or defects of the bill can be presented and brought to the attention of congress."

Plan Meets With Approval.

Washington, Aug. 6.—Secretary McAdoo's plan to deposit an additional $50,000,000 of government funds among the banks in the agricultural sections has met with prompt approval from the bankers in the southern, western and far west states invited to attend the conferences at the treasury department tomorrow, Friday, and next Thursday to confer regarding the distribution of the funds.

For Farmers' Benefit.

In order that the farmers of the United States may profit by the experience of farmers of Europe, Secretary Houston of the department of agriculture today decided to send abroad Dr. Thomas N. Carver, head of the rural organization service and Bradford Knapp, who is in charge of the farmers' co-operative demonstration work in the south. The south. The study of successful co-operative schemes will be the principal object of their trip. They will visit Ireland first, then Denmark, and if time allows, Saxony. They will sail about the middle of this month to be absent about six weeks.

BIGGEST OF OCEAN LINERS ARRIVES WITH 4500 ABROAD

The Imperator Carries More Cabin Passengers Than Ever Crossed the Atlantic Before in One Vessel.

New York, Aug. 6.—With more cabin passengers aboard than ever crossed the Atlantic before in one vessel—2,116—the Imperator, the biggest of ocean liners, arrived late today. Counting her crew the Imperator had more than 4,500 persons aboard. Of these 803 were in the first cabin, 519 in second and 794 in the third. In the steerage were 1,522 more.

The Imperator crossed from Cherbourg in five days, nineteen hours and eight minutes.

ADD

Gomez a Passenger.

Jose Miguel Gomez, former president of Cuba, arrived her today on the Steamship Imperator. His coming is believed by Cubans here to have political significance, as in addition to reports that he is on his way to Cuba it was learned that his immediate purpose is to visit General Jose Monteagudo, the commander-in-chief of Cuba's army, who is at Lake Placid, N. Y., recovering from an illness. He refused to reply to questions concerning published rumors that he is returning to the island republic because of developments there.

KANSAS GETS LITTLE RELIEF FROM THE TERRIFIC HEAT

In Some Parts of the State Railroads Are Forced to Haul Water Used in Their Engines.

Kansas City, Aug. 6.—Although temperatures in the southwest averaged a few degrees lower today than yesterday, Kansas felt little relief, as in many parts of that state thermometers registered above 100 degrees. The heat centers in the state were Salina and Junction City, where the maximum temperatures were 108. At Independence, Kan., a new record for the year was established when the mercury climbed to 106. Topeka reported a temperature of 103. In some parts of Kansas railroad companies are forced to haul water used in their engines. The Cottonwood river is dry at Florence.

POSTMASTER DIES SUDDENLY.

Peoria, Aug. 6.—John H. Sipes, aged 67 years, postmaster at Tremont, Ill., dropped dead at his home today. He was appointed by President Wilson six weeks ago.

SENATOR CHARGES A DISCRIMINATION

Senator Lippitt Claims Cotton Schedule Favors the South Against New England

COMPLETE METAL SCHEDULE

Amendment to Increase Duty On Needles Is Defeated, Rate of 20 Per Ceut Sustained and Consideration Finished

PROTEST RATE ON RAILWAY WHEELS

WEDNESDAY IN CONGRESS.

Senate.

Met at noon.

Resumed general debate on tariff bill.

Senator Lippitt attacked cotton schedule and offered a substitute.

Senator Clark of Wyoming attacked President Wilson's action sending John Lind to Mexico as special emissary and declared something else must be done by administration to protect Americans, introducing resolution for investigation of conditions.

Lobby investigating committee heard from James A. Emery, National Association of Manufacturers' side of Mulhall Lobby story.

Foreign relations committee heard Eduardo Hay, constitutionalist, review Mexican situation.

Senator Lee introduced resolution directing interstate commerce commission to investigate Louisville & Nashville railroad's connection with certain other railroad's connection with certain other railroads.

Senator Works and several other senators started movement to reconsider confirmation of nomination of Thomas Fox as postmaster at Sacramento.

President submitted for confirmations several nominatins, including Preston McGoodwin as minister to Venezuela.

Senator Lee introduced a currency bill that would revise the Aldrich-Vreeland emergency act.

Adjourned at 6:20 p. m. to tomorrow.

House.

Not in session.

Meets noon Friday.

Lobby committee excused Martin M. Mulhall until Monday and continued hearing with Louis Liebold testifying briefly.

WASHINGTON, Aug. 6.—Senator Lippitt of Rhode Island, aroused Democratic leaders of the senate to spirited replies today, when, discussing the cotton schedule, he charged that it discriminated aginst New England in favor of the south and that it was haphazardly drawn.

Senator Smith of Georgia, vehemently denied the charge of sectionalism, declaring that the appeals southern manufacturers for increases were unheeded by the finance committee.

Senator Stone of Missouri, referring to Senator Lippitt as a cotton manufacturer, remarked that the time had passed when representatives of the interests could write the tariff laws. Further progress in consideration of the bill was made to day the metal schedule being practically completed. The amendment to increase the duty on needless from 20 per cent to 40 per cent was defeated 50 to 18.

Senators Bristow, Clapp, Gronna, Kenyon, LaFollette, Norris and Works of the minority voting with the Democrats. After other amendments to change the rate on needless had been defeated the committee rate of 20 per cent finally was sustained, 39 to 28.

Senators Penrose, Pennsylvania and Sherman, Illinois, protested against the proposed rate of 15 per cent on railway wheels. The manufactureers, Senator Penrose said, would find it impossible to compete with European manufacturers with any reductions of the present rate. The senator said, however that it was useless to offer any amendment and did not do so.

Introduces Lea Bill

Senator Lea of Tennessee today introduced a bill to provide for a revision of the Aldrich-Vreeland emergency currency act. Senator Lea announced he would speak within a few days in support of his bill which differs radically from the administration currency measure soon to be taken up in the house.

The Lea bill would establish a currency association of local banks in each of the large cities, with authority to issue currency, under regulations made by the secretary of the treasury up to $750,000,000. Each association would be required to guarantee its circulatiin. The bill would limit the issue of an association to fifty per cent of its capital stock.

VOTE INDICTMENTS.

Chicago, Aug. 6.—Indictments were voted today by the Cooper special grand jury, it is said, against politicians and election judges and clerks in the Twentieth ward in connection with alleged frauds in the last November election. They are expected to be returned before Judge Cooper tomorrow.

GOVERNOR CONFERS WITH COMMISSIONERS

DUNNE WILL PUSH HIGHWAY IMPROVEMENT IN ILLINOIS

Executive Meets With Newly Appointed Members of Highway Commission and Declares Good Roads Is One of the Greatest Problems Confronting State at Present Time.

SPRINGFIELD, Ill., Aug. 6.—At a conference today between Governor Dunne and the newly appointed members of the state highway commission, the governor made it plain that he regarded the subject of highway improvement one of the most important confronting the state of Illinois at the present time, and charged the members of the new commission with the task of seeing that the highways of the state are improved in an intellegent manner.

"The matter of good roads touches vitally the agricultural, commercial, educational, social, religious and economic welfare of the state and involves the conservation of natural resources", declared the governor in speaking to the members of the commission.

Declaring that the forty-eighth general assembly had enacted legislation making possible the improvement of the public highways of the state, and that sentiment is strong in favor of such improvement, the governor says that better roads mean that the farmer can get his produce to market quickly. It means better schools; larger neighborhood communities and better social conditions.

"It means", declared the governor, "that Chicago is to be closer to Springfield and Springfield closer to Cairo."

"In the improvement of public highways Illinois has been too backward. Federal statitics show that but ten per cent of the 95,000 miles of public highways in the state are improved in a permanent manner, as against 38 per cent in the neighboring state of Indiana, twenty per cent in Kentucky, 28 per cent in Ohio and fifty per cent in Massachusetts.

"The loss to farmers because of inaccessible primary markets and the expense of transportation due to bad roads must be considered as a contributing cause to the high cost of living. Bad roads not only hinder crop production and marketing but they keep the rural customer away from the store of the merchant. They keep pupils away fom school and voters from participating in elections; they impair the efficiency of churches and social and fraternal and other organizations which depend largely upon public gatherings for the efficiency of their work."

"Bad roads contribute to the unattractiveness the isolation and the monotony of country life, especially by the young."

Members of the commission who attended the conference were: A. D. Gash, chairman, Chicago; S. E. Brandt, DeKalb and James Wilson, Polo.

WESTERN CHAMPIONS EASILY DEFEAT EASTERN EXPERTS

Clarence Griffin and John Strachan Will Meet Brundy and McLoughlin Aug. 18 For U. S. Championship.

Chicago, Aug. 6.—California earned a monopoly of honors in national tennis doubles today. By a well deserved victory over the eastern champions Clarence Griffin and John Strachan, the coast's clever player, won the right to meet Brundy and McLoughlin, their fellow San Franciscoans, for the championship of the United States, at Newport on Aug. 18. Outplayed in every department of the game and outgeneralled, the eastern team, Gustav Touchard and Watson M. Washburne, owes its defeat in more than a small measure to a lamentable lack of team work. From appearances this was due to a certain amount of discord between the men. The California youths, who have played together since childhood, played as one man today and their team work gave them the victory in straight sets, 6-1, 8-6, 8-4.

LUTHERANS AT FORT WAYNE.

Fort Wayne, Ind., Aug. 6.—Routine business occupied the attention of the 400 delegates here today for the opening othe triennial convention of the Central District of the Missouri Synod of the Lutheran church. Rev. J. H. Weffel of Cleveland, president of the synod, reported that the district had contributed $31,000 toward an endowment for River Forest college, a Lutheran institution in Chicago.

HOW CONGRESSMEN WERE "PRODDED"

General Counsel for the N. A. M. Explains "Prodding" Method Used by Association

KEPT TRACK OF THE RECORDS

James Emery Testifies That the Association Kept Track of the Records of Congressmen for Use During Election Times

FOUGHT NATIONAL CIVIC FEDERATION

WASHINGTON, Aug. .—How the National Association of Manufacturers "prodded" members of congress to support legislation the association favored and opposed those who threatened interests, was explained to the house lobby committee today by James Emery, general counsel for the association. Emery was the principal witness of the day before the lobby investigators on both sides of the capitol. He began a preliminary statement to the senate committee of the objects and aims of the association and on the house side he concluded the identification of the two hundred letters culled from the organization files by the committee.

Discussing the political activities of the association, Emery said that the body itself did not engineer congressional campaigns. The association kept track of the records of congressmen, he added and when the time for their re-election came notified its members in the individual districts and the campaign work was done by the local members.

A letter written by Emery to F. C. Schwedtman, secretary of the president of the N. A. M., in 1910, commented on the fact that "Congressman Bartholdt was very effectually prodded from St. Louis," in connection with a vote on appropriation to exempt labor unions from prosecution under the Sherman law. Members of the committee conducted a rather lengthy examination to determine just what the method of "prodding" was employed by the association. The witness explained that letters and telegrams were started from the constituents of the congressman sought to be influenced by communicating with the members of the association in the congressman's district.

One of the letters disclosed what Representative Willis characterized as "everlasting and eternal war" between the National Association of Manufacturers and the National Civic Federation. In a letter dated July 27, 1910, Mr. Schwedtman wrote to John Kirby, president of the N. A. M.:

"May the continuation of your campaign bring about the thing which is most desirable at the present time in our economic situation; that is the downfall of the Civic Federation."

THOUSANDS ATTEND ARENZVILLE ANNUAL A. H. T. A. PICNIC

Crowd Estimated to be Largest That Ever Gathered at Town—Good Program Given.

With an attendance estimated at not less than ten thousand people, the Anti-Horse Thief association held its annual picnic at Arenzville Wednesday and the event proved a most successful one.

Although the formal program had been announced to open at 10 o'clock Wednesday morning, the large crowds began arriving much earlier than that, on trains, in automobiles, buggies and other conveyances. It was estimated that fully 500 from Beardstown arrived on the noon train. The streets were lined with automobiles and buggies and traffic was congested by the enormous crowds.

An excellent program had been prepared for the entertainment of the visitors and music for the event was furnished by the Merritt band. Judge William H. Dietrick of Beardstown and Hon. A. M. Foster of Virginia spoke in the morning, Miss Olga Ogle sang a solo and Misses Eloise Batis and Leah Caldwell sang a duet. The principal speaker of the afternoon was Judge A. E. Martin of Virginia and vocal music was furnished by Mrs. Arthur Burrus, Misses Batis and Caldwell and Miss Maude Weeks. The formal program was closed with a number of contests and in the evening at the opera house an old fashioned country dance was given.

Twelve kettles of burgoo soup were prepared for the picnicers and before 5 o'clock 720 gallons had been served. The committe on arrangements for the picnic, which was assisted by several other committees, and which carried the affair to such a successful termination, was composed of H. Becker, chairman; J. H. Nieman and Ira Howe.

ABOUT THE WOOLEN TRADE.

In conversation yesterday with a Journal reporter, a member of the firm of J. Capps & Sons said, substantially:

So far this fall business is fairly good, though, of course, we feel the severe drougth to some extent. We are now busily engaged in preparing for the lighter goods for next spring. The proposed new tariff schedule on wool will not affect this country as much as it would have affected it some years ago, as the world's supply of wool is much less now than it was then. It will probably affect the lower and medium priced goods the least, as it will not be enough to hurt more than the manufacturer who has to buy the wool.

In the finer qualities of clothing it will have an effect, for labor is so much cheaper abroad that it will tend to cause the importation of more fine clothing than heretofore. The large mills are going to fight hard for business and not give up till they are compelled to do so. A man engaged in the clothing trade in Chicago and well posted on the situation predicts that the proposed measure will throw thousands of people out of employment who are now engaged in the manufacture of higher priced goods, as the cheaper labor of the old world will be something their employers cannot compete with when the tariff is removed. Of course, the whole situation is complicated and all than can be said now is mere guess work and I do not offer any decided opinions as there is not enough information on which to base them.

AT 8 O'CLCK TOMORROW MORNING.

The excursion leaves C. P. & St. L. station with the A. H. T. A.'s and friends. Good order; free dancing and lunch and refreshments.

THE PLAYGROUND FESTIVAL.

More and more in all parts of the civilized world people are coming to the conclusion that it is cheaper to take care of the children and educate them along wise and suitable lines, supplying them with wholesome amusement than to let them run wild when young and supply them with jails and detention houses when older. To that end playgrounds are becoming more and more common and are being regarded as wise investments.

Reference has already been made in the Journal to the festival which is being prepared for presentation at the playground in this city the 19th and it is earnestly hoped that it will be well patronized by our citizens. Mr. Ruyter is working hard to this end and is deserving of hearty support and he will have something that is worth enjoying and all who attend will have the satisfaction of knowing they are aiding a worthy cause and at the same time spending a delightful evening.

W. C. T. U. MEETING.

The Jacksonville W. C. T. U. met yesterday at the home of Mrs. Mary J. Blunt of 507 South Prairie street. The meeting was begun with prayer and a unison song, "The Light of Truth is Breaking." The program included a paper by Mrs. Mason, "Flowers and Their Mission;" a poem, "The Sun Dial," by Mrs. J. Smith; a poem, read by Mrs. Murdock, and a discussion on flowers and vegetables. After the completion of the program, several new members were taken into the union.

The union will meet Aug. 18 at the home of Mrs. Virginia Daniels, 1006 North Fayette street. Every member is invited to come at 4 o'clock and be ready for the 6 o'clock supper on the lawn in honor of Mrs. Daniels' 72nd birthday.

SPOKE AT PRAYER MEETING.

Rev. Robert Stevens of Danville arrived in the city Wednesday afternoon and spoke at the prayer meeting at Grace church Wednesday evening. Quite a large number was present at the meeting and Rev. Mr. Stevens gave a very interesting talk. He is a guest at the home of Rev. and Mrs. J. W. Miller.

AUTOMOBILE NOTES.

Mr. and Mrs. George Coudy of Granite City have been guests at the home of her sister, Mrs. William Clary, northeast of the city. They made the trip in their Packard automobile and returned yesterday accompanied by Miss Lillian Cleary.

OLD NEWSPAPER SELLER WILL BE HONORED.

Stroud Keller, the 83-year-old newsboy of Medora, is to be honored at a barbecue to be held in that place tomorrow and Friday. Not only did he sell newspapers, but also was the village school matser. He has recalled the names of over 500 pupils who were under him during the years he taught. Although 83 years of age his mind is clear, memory strong, and his opinion is sought by many of the citizens.

RETURNS FROM WEST.

A. H. Atherton, who left with his son, Roy, for a trip to the coast last month, returned yesterday morning. Roy Atherton remained in the west, taking a position in a gas meter manufacturing establishment at San Diego, Cal. Besides places on the coast, Mr. Atherton and son visited Wichita and other cities in Kansas.

RAILROAD NOTES.

C. C. Anderson, division passenger agent of the Rock Island lines at St. Louis, was in the city yesterday.

F. W. Elder, division passenger agent of the Chicago & Alton at Springfield, has resigned and his place has een filled by Fred L. Chase, formerly representative of Alton at Birmingham, Ala. Mr. Chase is an old time Alton man, having once been conductor on the system and with it in other capacities.

The roads are soon expecting to begin hauling the coal to the state institutions, the Lincoln-Springfield Coal company having the contract for the supply this year.

At present the roads are breathing more freely in regard to car shortage, the famine caused by large movements of grain having subsided.

The National Express Co. had a big load for the morning train south on the Alton yesterday.

Men in the employ of the company are painting and varnishing the local passenger office of the Burlington road in this city.

Things are much changed now at the old time Wabash and Alton crossing. Time was when all trains stopped there and it was a great convenience to many residing in the east end and many who lived in the west end used to go up there to get off the trains there so they could more easily take the street cars, but now all Wabash trains ignore the place entirely when the board is not against them.

The Jenkinson-Bode company made a good sized shipment of merchandise to Saidorus by the C., P. & St. L. yesterday.

Among just a few cars in the Alton yards yesterday there were cars from the New York Central Lines, Southern, Central of New Jersey, New York, New Haven & Hartford, Chicago, Milwaukee & St. Paul; also cars of the Merchants' Despatch, the refrigerator lines and others.

Greatest bargains of the season now offered at Herman's in suit and millinery departments.

1913 Hot House Dill Pickles

While others were planting Cucumbers the wholesalers we represent were picking theirs.

Like strawberries at Christmas time, this new 1913 crop of Hot House Dills comes to you as something far in advance of the season; a rich delicacy as it were but at a price which has nothing fancy about it.

In offering the 1913 hot house dill pickles we claim no corner in cucumbers but we do claim that our wholesalers made a big bold move when they conceived and executed the idea of supplying the best markets from coast to coast with Hot House Dill Pickles.

There's something in the early forced growth of cucumbers not found in the stock gathered six or eight months ago. That something is the difference between an appetizing, fresh tasting dill pickle and the other kind. **Hot House Dills** are even better than the name sounds and we are offering our customers something that will delight their pallets.

Include with your order today a dime's worth or a dollar's worth of Hot House Dills.

Drug Department.

There is no time of the year that a good mineral water is more acceptable than now. During these warm days we are very apt to over-load the stomach. A wine glass of **"PLUTO," "ABILENA," HUNYDAL, SPRUDEL OR APENTA** in a glass of water before breakfast, dinner or supper will be found very beneficial.

ROBINSON SPRINGS WATER, nature's own kidney and bladder remedy.. **THIS SPRING WATER FOR** those suffering from Bright's disease and diabetes.

NEZ PERCE INDIANS IN BIG HOLE VALLEY

Account of the Engagements Against Noted Tribe By General Gibbon and His Small Company of Fighters.

A friend has loaned the Journal a copy of a book entitled:

"The Battle of the Big Hole," a history of Gen. Gibbon's engagement with Nez Perces Indians in the Big Hole Valley, Montana, August, 9, 1877.

By
G. O. Shields.
Chicago and New York.
Rand-McNally and Company.
Publishers.
1889.

This has a local interest as an account of the war and battle in which Lt. Wm. L. English lost his life, and a general interest as showing how Indian fighting was then done. The following is a condensed story of the affair.

The Nez Perce Indians were a powerful and populous tribe which has made its home for centuries in the Snake, Salmon and Clearwater valleys in Washington, Oregon and Idaho.

Treaties were made with these Indians, by the government in 1853 1863 and 1868, whereby the Indians surrendered a part of their lands for settlement. To the last treaty Young Joseph, a chief objected to giving up the Wallowa Valley, claiming it as the special inheritance of himself and his people.

In 1871 some whites settled in this valley, and Joseph strenously objected. Other settlers came in, and in 1875, President Grant proclaimed the valley a part of the public domain.

In May, 1877, matters became so serious that the high military authority then, Gen. O. O. Howard, went to the scene of disturbance, with the local Indian spirit and tried to pacify the savages. The Indians were ordered into their reservation and seemingly appeared ready to go if allowed thirty days time to collect and go there. They proceeded ti get themselves together, to go in the war path to murder and to outrage, according to the reports to General Howard. Aug. 4th, 1877, Gen. Gibbon, then colonel of the 7th regulars set out after the Indians, who had 400 warriors with 150 squaws and children. It is to be remembered that squaws are fighters at times, and in wave as well as "bucks." Gibbon had about 146 officers and men, with some volunteer civilian and a scout guide; making about 200 men in all. The colonel had been ordered to pursue and punish the Indians and he did so. He was a West Pointer, had made his way up to a full major generalship of Volunteers and if a brevet major-generalship of Regulars; and was made colonel of the 7th U. S. Infantry at the end of the Civil War.

The Big Hole is a beautiful prairie basin, fifteen miles wide and sixty long, covered with rich bunch grass and surrounded by high mountains. In this place the hostiles were encamped on the night of Aug. 8, when Colonel Gibbon and his men set out at ten o'clock on a long and dangerous march to surprise the Indians if possible. The troops got within about 150 yards of the nearest tepees and overlooking the Indians camp, at 2 o'clock in the morning. There they laid down in hiding, waiting for daylight. As soon as day came the troops in several bodies were sent to surround the camp, so as to attack from different sides.

A single Indian unsuspectingly rode out to his ponies was shot with horse and killed. The order had been given to charge the camp with the whole line, as soon as the first shot wa heard. This was done and the surprise was complete.

Soon the Indians recovered their senses, took place behind such defenses as they found and a hot and close and long battle was on. The battle became hand to hand in some places, and in twenty minutes the troops had complete possession of the camp, and orders were given to destroy it.

Soon Joseph and his subordinate chiefs, White Bird and Lookingglass, rallied their followers and charged back into the camps, and the fight was now muzzle to breast. In one personal conflict an almost hand to hand fight took place between an officer and an Indian. The Indian was killed. His sister saw him fall, wrenched his still smoking revolver from his hand and shot the officer through the head. It was Capt. William Logan of the Seventh.

An Indian and a ranchman attacked each other with clubbed guns. Each struck the other severely and the white fell. The Indian jumped on him, but the white man was stronger and got on top, and had nearly choked the Indian to death. Just then another Indian came up, put his gun to the white's side and fired. The first Indian had his arm around the white man's waist; the ball fired by the second Indian went through the ranchman's body and broke the arm of the Indian wrestling with him.

General Gibbon was wounded in the thigh and his horse wounded. The general himself fought with a rifle just as his men were doing. All the officers had to resort to this sort of warfare. Gibbon saw his men must fall back, which they did, carrying their wounded comrades along. One Indian had shot five soldiers from cover before a cannon shot was made which took him in the eye and stopped his work. During the battle squaws and young boys seized the weapons of the fallen and fought like fiends. Lieuts. Jackson, Wright, English, Van Arsdale, Harden and Woodbridge were all at their posts and none of them lost an opportunity to put in a telling shot.

When the command retired into the timber the Indians followed and surrounded them. The men dug rifle pits with their trowel bayonets and piled up rocks as breastworks, and a sharpshooting fight was kept up all day. At times the Indians' fire was close and destructive, and here Lieut. English received a mortal wound, Capt. Williams was struck a second time and a number of men were killed and wounded.

At one time the Indians fired the grass, hoping to get up to the soldiers under cover of the smoke, but their tactics failed to accomplish their purpose.

Meantime Gibbon sent messengers for help and re-inforcements. The diminishing battle continued until the night of Aug. 10, about 11 o'clock, when the last of the Indians withdrew. After this the soldiers got some rest, having slept but two hours in the past forty-eight.

One reason for the withdrawal of the redskins was that they heard Gen. Howard was coming with help. It was not, however, until Aug. 12 that Howard's medical officers got to the many wounded in the battles. In the battle the casualties were as follows:

	Killed.	Wounded.
Officers, 7th Inf.....	2	*5
Enlisted men, 7th.....	20	x30
Enlisted men, 2nd Cav...	1	1
Volunteers (citizens).....	5	4
Bostwick (citizen)	fl1	..
Totals	9	40

*One officer since died. xOne enlisted man since died. flPost guide.

Of the Indians, 83 were found dead on the field and six dead afterward found, Joseph is said to have admitted that he lost 208 killed in the fight. One officer was wounded twice, another three times. Lieut. English in head, wrist and back (died of wounds) and another officer was wounded three times. So that, of the seventeen officers engaged, seven were hit fourteen times. Three were killed or died of their wounds.

One of the most remarkable features of this fight was the regular gallantry with which the Indians fought and the remarkable manner—for them—in which they fought more than usually as whites do. It was this that made the loss to both sides so heavy, and prolonged the fight so long. There are few stories, of all the fighting between the two races, in which both sides made so persistent and brave a struggle.

The Fashion Book for Fall

Illustrating Pictorial Review Patterns

Is now on sale. For years this book has been looked upon as the most authentic portrayal of the forthcoming styles to be found in any publication in America.

Pictorial Review styles are in a class by themselves, and are as a rule three months in advance of all others, in presenting that which will be worn by the American women for the fall season.

No woman should be without this book. It illustrates styles for every occasion—pretty house dresses, prim street frocks, charming afternoon and evening gowns, etc., etc.

Not only are Pictorial Review Fashions ahead of all others—but the patterns, too, are far superior. They are the simplest patterns made, and each one is accompanied by a cutting guide which makes a mistake next to impossible. Use a Pictorial Review Pattern once and you will never use any other kind.

The price of the Fall Fashion Book is 25c, which includes any 15c pattern free.

RECOMMEND PENSION FOR EPISCOPAL CLERGYMEN

Pension For Clergymen Over Sixty Five Years Old is Recommended in Report of the Commission.

New York, Aug. 6.—A pension approximating half pay for every Episcopal clergyman more than 65 years old and financial aid for widows and orphaned children of clergymen are recommended in a preliminary report of the commission on pensions of the Episcopal church issued today.

The pension plan which has been framed by Monell Sayre, an expert of the Carnegie Foundation, after an exhaustive investigation by the commission of every pension system in the world, embraces in its scope the entire body of 5,500 clergymen employed in domestic and foreign fields. A fund of $7,000,000 would be necessary at the start and $500,000 would be expended annually thereafter.

The annual obligations would be met, under the plan, by a tax on individual churches approximating six per cent of the amounts paid in salaries and scientifically graduated with respect to the ages at which their rectors were ordained.

Widows of clergymen would be pensioned, clergymen's orphaned children would be educated and disabled clergymen would be cared for irrespective of age.

THREE FARMERS ARE BLOWN TO PIECES BY DYNAMITE

Had Gone Into Field to Blast Stumps and It is Supposed One of the Party Dropped the Explosive.

Grand Rapids, Mich., Aug. 6.—John Herman, 43 years old; Peter Schulz, 82, and Raymond Lillie, 28, prominent farmers living about 12 miles from this city, were blown to pieces by a dynamite explosion today. They had gone into a field to blast stumps and it is thought one of the men dropped a box containing the explosive. There was no witness to the accident. The bodies were not found until tonight, when Mrs. Herman, wife of one of the dead men, returned from a visit. When she drove into the yard the farm dog jumped about the buggy, barking, and then ran off into the field. After the animal had repeated this performance several times Mrs. Herman followed it and discovered the mutilated bodies. Hands and arms were missing and shreds of flesh were scattered over a wide area. A great hole torn in the ground told of the terrific explosion which killed the three men.

Boils Are a Bad Indication

Dangerous Fallacy that they are Healthy—Stop them.

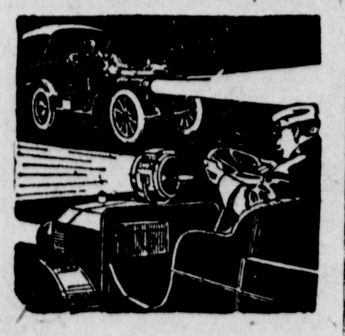

The appearance of boils leads many people to consider them a sign of robust constitution. They are more apt to signify a condition of sick blood, sluggish circulation and a morbid condition of the body. Use S. S. S. for the blood.

It has the peculiar action of soaking through the intestines directly into the blood. In a few minutes its influence is at work in every artery, vein and tiny capillary. Every membrane, every organ of the body, every emunctory becomes in effect a filter to strain the blood of impurities. The stimulating properties of S. S. S. compel the skin, liver, bowels, kidneys, bladder to all work to the one end of casting out every irritating, every pain-inflicting atom of poison; it dislodges by irrigation all accumulations in the joints, causes acid accretions to dissolve, renders them neutral and scatters those peculiar formations in the skin that cause boils and other skin eruptions.

And best of all, this remarkable remedy is welcome to the weakest stomach.

You can get S. S. S. at any drug store. Beware of any effort to sell you something claimed to be "just as good." If yours is a peculiar case and you desire expert advice, write to the Swift Specific Co., 185 Swift Bldg., Atlanta, Ga.

ILLINOIS STATE NEWS.

An Aged Doctor—W. T. Miller died at Bloomington, aged 85. He had practiced medicine for 60 years. Miller park of Bloomington was named in his honor.

Violated Fish Law—John Burton and Fred W. Miller, fishermen residing at Salisbury, were fined $10 each when they pleaded guilty to having violated the state fish law by fishing with a trammel net in the Sangamon river near Salisbury.

Annual Retreat for Clergy—The annual retreat of the clergy of the diocese of Springfield of the Episcopal church will be held at Osborne hall, Champaign, from Tuesday evening, September 2, to Friday evening, September 5.

Steps on Hook; Injured—George Dupy, a farmer, residing two and one-half miles southwest of Girard, met with a painful accident. While he was in the barn he stepped upon a hook which is used in handling baled hay. The point of the hook penetrated his left foot.

Vote to Extend Jurisdiction—The Journeymen Tailors' International union, in convention at Bloomington, voted to extend its jurisdiction to include "all workers, male or female, who are engaged in the tailoring industry and in the cleaning, dyeing and pressing establishments." This would take in the 62,000 members of the garment workers' union and 93,000 members of the lady garment workers. The journeymen tailors' union has 12,000 members.

Burned Mail—There wer two mail sacks from off the Burlington road lying in the office of McCracken's livery stable when it was burned down at Roodhouse and these were totally destroyed. In working over the ruins to find the mail pouch locks, as was required by the department, considerable local mail was located, there being many pieces on which the names were plainly decipherable upon the charred remains. Among the packages was a bundle of checks for the First National bank that had passed the clearing house and were sent here for collection. A communication to E. M. Husted lodge was also found.

Desire Diploma for Effie Wilson—The Springfield school board adopted a resolution to present a diploma to Miss Effie May Wilson, colored, a member of the June, 1913, graduating class of the high school, who was committed to the Jacksonville state hospital because of illness brought on by over study, was passed. A. L. Brown, secretary of the state charities commission, who recently visited the hospital, said that he believed the girl's condition would be greatly benefitted if she were given her diploma. She succeeded in getting fourteen and one-half credits of the sixteen required, but was forced to leave school before graduation.

Virden Wants Railroad Service—The mayor and entire city council of Virden appeared at the regular meeting of the state railroad and warehouse commission in support of a petition filed some time ago with the state commission, asking that the Chicago, Burlington & Quincy Railroad company be compelled to furnish passenger and freight service for the city of Virden. A municipal bond issue of several years ago for the purpose of securing train service for the city is the principal argument upon which the complainants base their case. When the Jacksonville & Southeastern road was buildings its line the city of Virden voted $30,000 in bonds, the proceeds to go to the railroad company in return for them building their line through the business section of the city. Some time ago the Jacksonville & Southeastern road was acquired by the C., B. & Q., and is now being operated by the latter company, principally as a coal road. Soon after the Jacksonville & Southeastern changed hands the new owners commenced straightening the tracks, with the result that the closest point that the road touched Virden was a half mile from the corporate limits of the city.

FORWARD TO THE LAND LEAGUE

Boston, Aug. 6.—The first conference of the newly organized Forward to the Land league assembled in this city today and will continue in session until the end of the week. The league aims to bring superior results to the farmer, to eliminate frauds in the settlement of lands and to inspire social life in rural districts. The movement is designed also to make farm life so attractive as to promote a general exodus from the congested sections of the large cities, thereby bringing a relief to the tenement dwellers and eventual extermination of the slums.

AID SOCIETY ENJOYS PICNIC AT NICHOLS PARK

Members of Lynnville M. E. Church Organization Hold Successful Annual Event—List of Lynnville People Present.

Wednesday, Aug. 6, will long be a red letter day in the annals of the Ladies' Aid society of the Lynnville M. E. church for it was the occasion of a very successful gathering of the members and friends at Nichols park, where people to the number of about two hundred assembled to enjoy a good, social time under the noble trees and partake of the good things of life and good ladies of that organization know so well how to prepare. The weather was somewhat warm but aside from that there was nothing to mar the complete success of the occasion. The members with their families and invited guests began to assemble in the morning, arriving in buggies, carriages and automobiles and a few by street car and all bent on having a good time. The tables so plentifully provided by the park commission were brought into use and the seats also were well patronized.

It is the earnest desire of the park commission to have all such organizations and everybody else who is orderly and well behaved feel at home in the park and know they are heartily welcome. There are good wells of water for both man and beast, tables under the trees, lots of seats and all else to make people comfortable on such occasions and a big pavilion in case of rain.

Everything was propitious for the success of the day and the good ladies spread the tables with the fried chicken, delicious cakes, snowy bread, lucious pies, sweet preserves, golden hued butter and the various articles so well calculated to supply the wants of the inner man to perfection.

Fred Schofield called the gathering to order and after grace had been said all were invited to attack the good things on the tables and the invitation was accepted with alacrity. The list was fine and the supply ample as usual and all had a fine time.

A great effort was made to get the names of those present and if any were omitted pardon is asked. They were: F. W. Scholfield and wife, John Dodsworth and wife, Miss Nettie Sheppard, Lorenzo Shirtcliff, Mr. and Mrs. John Moody and daughter Amy, Mr. and Mrs. Warren North, Miss Kate Rough of Winchester, Mr. and Mrs. Ralph Frost of Jacksonville, Mr. and Mrs. Walter Fearneyhough and family, Lester Switzer, wife and family, Mrs. George Blackburn, Simon, Clara, Dale and Lena, Mrs. William Coultas, Mrs. Edgar Gibbs, Gladys, Martha and Everett, Mr. and Mrs. Charles Scholfield, Mr. and Mrs. Ted Ranson and family, James Ash, Mr. and Mrs. J. D. F. Gouveia and family, Charles Hamel and family, Mrs. Edward Landers and Russell, Mrs. Lou Emmerson, Howard and Harlan, Mr. and Mrs. George Harney of Jacksonville, Mr. and Mrs. Frank Masters and family, Mrs. Nolley and children, Scott Gordon, William Stevenson, William Switzer, Mr. and Mrs. Otis Whewell and family, Thomas Dodsworth, Mr. and Mrs. William Frost, Helen and Elizabeth, Mrs. Thomas and Miss Mabel Scholfield, Alexander W. Scholfield, wife and family, Miss Clara Scholfield, Mr. and Mrs. William Rawlings, Miss Bertha Fearneyhough, Miss Delia Thorpe, Lloyd Angelo, Miss Amanda Potter, Ollie Stainsforth, Miss Jettie Gordon, Misses Grace and Bessie Middleton, Mr. and Mrs. William VanBibber and son Weir, Mrs. Henry Angelo, Mrs. Smith and Pauline, Mrs. Charles Reinhart and daughter, Mr. and Mrs. Frank Worrell and family, Ben Worrell, Mr. and Mrs. John Gibbs and Roy and Sallie, Miss Minnie McKinney, Miss Emma Scott, Mr. and Mrs. Ed Morris and family, Miss Mabel Reichman, Miss Gertie Ranson, Edward Landis, George Blackburn, Cora and Fern Potter, Rev. and Mrs. G. W. Burnett of the Lynnville Christian church, Miss Minnie Wackerle, Miss Susie Dickson, Mrs. Nita Gordon and son, Mrs. Amanda Watt, Mrs. Warren Watt and two children, Mr. and Mrs. George Coumbes, Elbe Fearneyhough, Bert Hill, Henry McNeely, wife and family, Samuel Angelo, Mrs. Jack Reich, Miss Zella Duckwall, Miss Callie Dodsworth, Miss Maggie Boston, Mr. and Mrs. Richard Adams, Miss Bertha Tankersly, Victor John, Elmer Scholfield, Roy McKinney, Miss Zoe Gordon, Clyde McCarty, William Fearneyhough, Miss Huldah Patrick, Joe Ash and the Journal reporter.

Notes.

Great sorrow was caused by the absence of the esteemed president, Mrs. Mary Ranson, who was detained at the bedside of her father, the venerable Thomas Denby.

As Mrs. Ralph Frost lives now in the city it was her pleasure to make the needed preliminary arrangements regarding the tables and other things.

Remarkable Cure of Dysentery

"I was attacked by dysentery about July 15th, and used the doctor's medicine and other remedies with no relief, only getting worse all the time. I was unable to do anything and my weight dropped from 145 to 125 pounds. I suffered for about two months when I was advised to use Chamberlain's Colic, Cholera and Diarrhoea Remedy. I used two bottles of it and it gave my permanent relief." writes B. W. Hill of Snow Hill, N. C. For sale by all dealers. (Adv.)

CONFERENCE FOR THE COMMON GOOD.

Columbia, S. C., Aug. 6.—With delegates in attendance from all over South Carolina, there was begun in this city today a "conference for the common good," the conference being the first of its kind ever held in this section. The proceedings began this afternoon with a discussion of the subject of co-operation in rural developent. Other subjects to be taken up by the conference during its two days' sessions are the public health, compulsory education, women's club work, the home and the church, and the methods of fostering a community spirit. Bankers, merchants, educators, farmers and men and women of the various professions are included in the attendance at the conference. Heading the list of speakers from outside the state is Dr. P. B. Claxton, United States commissioner of education.

C. T. A. U. OPENS SESSION.

Philadelphia, Aug. 6.—The forty-third annual national convention of the Catholic Total Abstinence union of America began today, when 1,000 delegates, many of whom have been in the city several days, engaged in committee work in connection with the convention, assembled in the Catholic Boys' high school for the formal opening exercises. The delegates are headed by the Very Rev. Peter J. O'Callaghan of Chicago, as president, while leading lights of the Roman Catholic church throughout the country are included in the list of those who are to participate in the deliberations. Prior to the formal opening of the convention, a solemn pontifical mass was celebrated at the Cathedral of SS. Peter and Paul.

Good Reason for His Enthusiasm.

When a man has suffered for several days with colic, diarrhoea or other form of bowel complaint and is then cured sound and well by one or two doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy, as is often the case, it is but natural that he should be enthusiastic in his praise of the remedy, and especially is this the case of a severe attack when life is threatened. Try it when in need of such a remedy. It never fails. Sold by all dealers. (Adv.)

OBITUARY.

John Heaton, Jr., the son of John and Mary Imes Heaton, was born in Clarksville, Green Co., Pa. June 6, 1823.

With his parents he moved to Greene county, Illinois, in 1834, and has lived in this state the greater part of his life. He was married to Miss Demerius Wylder, Aug. 22, 1850. To this union there were born nine children—Anna Marie, wife of John D. Biggs (both now deceased), Jane (Mrs. Etna J. Cooley), Samuel Thomas and Eliza, who died in infancy; William Henry, who died in 1896; Charles Newton, of Carrollton, Mo., James Leroy of Chenoweth, N. Dakota, and Virgil Corwin of Hotchkiss, Colo.

The wife and mother died in 1867, when the youngest child was six weeks old. This was the lasting sorrow of Mr. Heaton's life, a blow from which he never fully recovered.

Although always frail in constitution, Mr. Heaton finally lived to be 90 years of age. He was a man of splendid character. He was a member of the Christian church. He loved to read the Bible and committed verse after verse and even many chapters of the book to memory. The home circle who knew him best, loved him most. He was always gentle, kind and patient. He never spoke evil of any one. He never showed anger. He liked to recall old times, but kept up-to-date and was always interested in current events.

For the past twelve years he has made his home with his daughter, Mrs. Etna Cooley, who tenderly cared for him. Here he passed on to the fuller and better life Saturday, August 2, after a week of intense suffering. The funeral services were conducted from the residence Monday afternoon, August 4, and on Tuesday the remains were taken to Greenfield and laid to rest beside the wife who died 46 years ago. He sees when their footsteps falter,
When the heart grows weary and faint,
He marks when their strength is failing
And listens to each complaint,
He bids them rest for a season.
For the pathway has grown too steep,
And folded in fair, green pastures
He giveth His loved ones sleep."

FOUNDER OF OSTEOPATHY IS 85.

Kirksville, Mo., Aug. 6.—Many messages of greeting were received here today to remind Dr. Andrew T. Still, famous as the founder of osteopathy, that this was his 85th birthday anniversary. Dr. Still was born in Lee county, Virginia, Aug. 6, 1828. He served in the civil war as surgeon of a Kansas cavalry regiment and after the war became post surgeon at the Shawnee reservation. It was here that the study of the human bone structure, especially of the spine, was forced upon him by the death of his two little daughters of spinal meningitis. It was in 1874, when living at Baldwin, Kas., that he abandoned traditional medical routine and began to practice osteopathy as it is understood today. He founded a school here to teach the science and has lived to see it taken up by more than 10,000 practitioners in America, Europe and other parts of the world.

LIFE'S STRUGGLE WITH ILLNESS

Mrs. Stewart Tells How She Suffered from 16 to 45 years old—How Finally Cured.

Euphemia, Ohio.—"Because of total ignorance of how to care for myself when verging into womanhood, and from taking cold when going to school, I suffered from a displacement, and each month I had severe pains and nausea which always meant a lay-off from work for two to four days from the time I was 16 years old.

"I went to Kansas to live with my sister and while there a doctor told me of the Pinkham remedies but I did not use them then as my faith in patent medicines was limited. After my sister died I came home to Ohio to live and that has been my home for the last 18 years.

"The Change of Life came when I was 47 years old and about this time I saw my physical condition plainly described in one of your advertisements. Then I began using Lydia E. Pinkham's Vegetable Compound and I cannot tell you or any one the relief it gave me in the first three months. It put me right where I need not lay off every month and during the last 18 years I have not paid out two dollars to a doctor, and have been blest with excellent health for a woman of my age and I can thank Lydia E. Pinkham's Vegetable Compound for it.

"Since the Change of Life is over I have been a maternity nurse and being wholly self-supporting I cannot over estimate the value of good health. I have now earned a comfortable little home just by sewing and nursing since I was 52 years old. I have recommended the Compound to many with good results, as it is excellent to take before and after childbirth."—Miss EVELYN ADELIA STEWART, Euphemia, Ohio.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

CHICAGO CAPTURES TEN INNING CONTEST

DEFEATS BROOKLYN IN EXTRA INNING GAME 4 TO 3.

Winning Tally is Made on Schulte's Single, Zimmerman's Sacrifice and and Saier's Long Clout to the Right iFeld Fence—Cheney Hurls Good Game For Cubs.

Chicago, Aug. 6.—Chicago was forced to go ten innings to day to defeat Brooklyn 4 to 3. The winning run was made when Schulte singled and went to second on Zimmerman's sacrifice. Saier followed with a hit to the sign board in right field which would have gone for his second home run but as Schulte scored the winning run from second, the Chicago first baseman got credit for a double.

PIRATES HAND CHRISTY MATHEWSON HARD WALLOPING

McQuillan Pitches Steady Game for Pittsburgh and but for Carey's Error Would Have Scored a Shutout.

Pittsburgh, Aug. 6.—Pittsburgh made it two out of three this afternoon in the series with the Giants and gave Christy Mathewson one of the hardest beatings of his career, thereby checking the winning streak of another New York pitcher. The score was 9 to 1. McQuillan pitched a steady game for the Pirates and but for an error by Carey on Murray's single in the eighth, the Columbus "come-back" would have scored a shutout. Score:

SOME OFF-SIDE CHUTES

Champion Ritchie has again fluked—side-steped a match with Packey McFarland. The alleged lightweight champion has entered an agreement to meet Freddie Welsh, the British champion, at Vancouver, B. C., on September 1 for a guaranteed $15,000 and 50 per cent of the picture rights. The California native son wants none of the stock yards man's game—easy pickings is his long suit in the boxing angle.

At Manchester, England, on Tuesday evening, Jack Donaldson, the Australian, world's champion sprinter, broke the 300-yard running record, going the distance in :29¾. The previous record, :30 flat, was made by an Englishman, H. Hutchins, in 1884. The amateur record for the mile walk was shattered by G. Cummings, who heeled-and-toed the eight furlongs in 6:25 4-5, equalling the professional record established by Perkins in London in 1874.

Big Ed Reulbach, one of the few remaining cogs in the old Cub machine, has been traded to Brooklyn for Billy (Smoke) Stack. Big Ed expresses himself as being pleased with this turn in his baseball affairs, and promises to give his new mates a renewal of his 1906-07 form. Mike Mitchell, upon whom waivers had been asked, was saved from shipment to the minors, when Fred Clarke refused to waive. The speedy ex-Red, ex-Cub will report to Pittsburg, and in all likelihood will displace Kommers, the young Three-Eye recruit, who temporarily seems to have lost sight of the ball.

A new world's champion trotting 2-year-old colt was uncovered at Kalamazoo on Tuesday, when Tom Murphy, in the Horseman's futurity, sent Peter Volo under the wire in the first heat in 2:09 flat for the mile. The record is second to that of Native Belle, who negotiated the distance in 2:07¾ at Lexington, Ky., in 1909. Both colts, one a stallion, the other a filly, were trained and driven by Murphy.

The White Sox have signed another of those newspaper whirlwinds—Center Fielder D. E. Wylie of Beaumont, Texas. He is touted as a .380 Texas leaguer, and will join the Callahanites one week from tomorrow.

Detroit and Pittsburgh are hot on the trail of a youngster named Gould, who is making the natives of Muscatine, Iowa, sit up and take notice of his smoke ball. This is the youngster's first year in professional ball, and Tuesday he pitched his second no-hit game of the season. He allowed but two of his opponents to sight first base, both times on passes.

A party of Russian trotting devotees are at Lexington, Ky., looking over the likely nags quartered at the Blue Grass Tattersalls. The holder of the world's 3-year-old record, Colorado B., 2:04¾, has captivated the foreigners, and the owner, George H. Estabrook, of Denver, has been offered a handsome figure (not given out) for his beautiful looking champion.

A STRONG REFERENCE.

A young man recently applied for a position with a large printing house, and not having a letter of reference, offered his bank book. It showed a regularity of entries of deposit. It was a very strong recommendation, indicating character and persistency, which finally secured for him a good position.

UNION PACIFIC MAKES TWO POINT ADVANCE

U. P. RISE MARKS ONLY FEATURE OF FREQUENTLY STAGNANT MARKET.

Gain is Based on Gossip That Some Distribution in Cash or Stock May Follow the Sale of S. P. Holdings —Rumor is Without Foundation.

(By Associated Press)

New York, Aug. 6.—The outstanding feature of today's professional and frequently stagnant stock market was a temporary further rise in Union Pacific based on gossip that some distribution in cash or stock may follow the company's sale of Southern Pacific holdings. From authoritative sources it was learned that no foundation exists for such rumors but it is not denied that some action beneficial to Union Pacific stock holders may be taken ere long. Union Pacific 2 point advance was not shared by other leaders, most of which manifested a backward tendency. Steel was under pressure on unfavorable estimates of its July tonnage, Amalgamated Copper suffered a partial setback despite another advance in the metal and Reading and Lehigh Valley were sold by the shorts in anticipation, it was said, of federal action against the Anthracite roads.

Louisville & Nashville yielded slightly on Washington advices, dealing with a proposed inquiry into its subsidiaries.

Western Union rose a full point. A better demand for commercial paper by local and interior banks was the only notable change in monetary conditions. Six months money was easier on more liberal offerings.

BULL MOOSE ONE YEAR OLD.

Chicago, Aug. 6.—A number of leaders of the Progressive party here joined today in sending a telegram to Colonel Roosevelt, who is in the southwest, reminding him of the first birthday anniversary of their party. It was one year ago today that the organization of the Progressive party was completed by the national convention in session in the Coliseum in this city. On that day Colonel Roosevelt addressed the convention, after an outburst of cheering that lasted nearly an hour.

MEETING OR NEGRO SHRINERS.

Indianapolis, Aug. 6.—The imperial council of the Ancient Egyptian Order of the Nobles of the Mystic Shrine, the membership of which is made up of negro Masons, began its fifteenth annual meeting in this city today. The officers in charge are Eugene Phillips of Boston, imperial potentate; J. H. Sherwood of St. Paul, deputy imperial potentate, and J. H. Murphy of Baltimore, imperial recorder. The Daughters of Isis, which is the woman's branch of the order, is also in annual session here.

LACK OF MOISTURE BOOMS CORN PRICE

CORN MARKET CLOSES FIRM, ⅛ TO 1⅝C NET HIGHER.

Experts in Kansas Assert That Even With a Heavy Rain the State Will Not Yield Half a Crop—Corn Damage Also Reported in Missouri and Nebraska.

(By Associated Press)

Chicago, Aug. 6—Blistering winds and no rain in Kansas and Missouri finally sent corn on a decidedly upward source today after a series of violent swings. The market closed firm, ⅛@1⅝c net higher. Wheat showed a gain of ¼ to ⅝c and oats a rise of ⅜ to ¼@⅜c.

In provisions the outcome varied from 5c decline to an upturn of 15c. Reports declared to be the worst of the year as to corn damage in Kansas, Missouri and parts of Nebraska came rapidly during the last hour of the session. Some points in Iowa also sent word of temperature 104 in the shade and predicted that two more such days would mean the ruin of the crop.

Hesitation and weakness that preceded the conclusive advance in corn were due to light rains which were scattered pretty generally over most of the belt east of the Missouri river except in Missouri. There was a forecast, too, that additional sprinkles would appear. Experts in Kansas, however, asserted that even with heavy rain tonight the state would not yield half a crop. Other bullish incentives were found in an estimate that hay marketed this year would be nearly 20 per cent less in amount than last season and that much livestock was already on feeding.

Wheat tagged corn, heavy receipts here encouraged some bear speculators and so also did favorable reports from Canada. Good threshing returns in northern sections, made oats relatively weak. On the other hand the east was a better buyer. Offerings dried up quickly in provisions. Purchasers were few but took pains not to crowd the market on the advance.

CHICAGO LIVESTOCK MARKET.

Chicago, Aug. 6.—Hogs—Receipts 24,000; market steady to 5c lower. Bulk of sales, $7.90@8.75; light, $8.60@9.15; mixed, $7.90@9.05; heavy, $7.60@8.70; rough, $7.60@7.80; pigs, $5.00@8.35.

Cattle—Receipts, 14,000; market steady to 10c higher. Beeves, $7.00@9.10; Texas steers, $6.70@7.75; western steers, $6.25@7.65; stockers and feeders, $5.30@7.75; cows and heifers, $3.50@8.25; calves, $8.25@11.00.

Sheep—Receipts, 18,000. Sheep firm to 10c higher; lambs, 10c to 30c higher. Native sheep, $4.10@5.10; western, $4.25@5.10; yearlings, $5.35@6.15; lambs, native, $5.50@7.40; western, $6.00@7.65.

MINNEAPOLIS GRAIN MARKET.

Minneapolis, Aug. 6.—Wheat gradually advanced as the session progressed today. Strength due largely to advance in corn. Trading of small volume. September closed ⅝@¾c higher than yesterday, December ¾@⅞c higher and May ⅝@¾c higher.

Closing cash: No. 1 hard, 90⅛c; No. 1 northern, 88⅛@89⅝c; to arrive, 88⅛@89⅝c; choice to arrive, 89⅝c; No. 2 northern, 86⅛@87⅝c; No. 2 hard Montana, 85c higher; No. 3 wheat, 84⅝@86⅛c.

Don't Look Old Before Your Time

WOMAN'S delicate system requires more than ordinary care and attention—more care and attention than it is given by the average woman.

Neglect it and ills soon creep in, and the look of old age, sometimes quickly, sometimes gradually follows.

That backache, so common among women, brings with it the sunken chest, the headache, tired muscles, crow's-feet, and soon the youthful body is no more youthful in appearance—and all because of lack of attention.

There is no reason why you should be so unfortunate, when you have at your disposal a remedy such as **Dr. Pierce's Favorite Prescription**—recommended for over **40 years** as a remedy for ailments peculiar to women. We have thousands upon thousands of testimonials on file—the accumulation of 40 years—testifying to its effectiveness. Neither narcotics nor alcohol are to be found in this famous prescription. Regulates irregularities. Corrects displacements. Overcomes painful periods. Tones up nerves. Brings about perfect health. Sold by dealers in medicines, in liquid or tablet form.

Dr. Pierce's Favorite Prescription

Dr. Pierce's Medical Adviser, newly revised up-to-date edition, answers hosts of delicate questions about which every woman, single or married ought to know.

NORTH DAKOTA IS THE LAND OF PROMISE

We have taken scores and hundreds of Illinois farmers up into the prairies of North Dakota. Some of them bought farms and some of them did not but we have yet to see the man who did not agree with us that the soil is great in possibilities.

Buy in the Great Alfalfa Valley of the Mouse River Loop. The quality of the land is rich—The prices are low.

Call and let us tell you something about these lands. Excursions to the north almost every week.

PUBLIC UTLIITIES BILL WIDE IN ITS SCOPE

CONFERS IMPORTANT POWERS UPON NEW COMMISSION.

Will become Effective January First When All Utilities of the State Will Pass Under Its Control—Provisions of the Law Are Somewhat Complex and Study is Necessary to Understand All Details.

The public utilities bill passed by the last general assembly is a measure which will go into effect Jan. 1 and will be far reaching it its effect. The utilities board will take over all of the powers of the railway and warehouse commission and have charge of every utility in the entire state. The law is of necessity voluminous, covering as it does such vast interests and there are but few people who have looked up its provisions.

In several articles in the Journal some points from the law will be given in order that the public may come to an understanding of the meaning and scope of the law.

(Second Article).

Public utilities are forbidden by the public utility act to do the following things:

A—To offer any commissioner or to any person employed or appointed by the commission any gift, gratuity or employment. (Sec. 4).

B—To keep any account other than prescribed or approved by the commission. (Sec. 11).

C—To issue any stocks, bonds, notes or other evidences of indebtedness (except notes falling due within 12 months from date) saved for certain purposes prescribed in the act (see note) and then only with the consent and permission of the commission. To apply any part of such stock issue, bonds, notes, etc., to any purpose not specified in the commission order, or disposed of same on any conditions less favorable than ordered by the commission. (Sec. 21).

D—To enter into a contract with another public utility for the operation of their property in connection with each other unless consent of the commission is first obtained. (Sec. 27).

F—To lease, purchase or in any manner acquire control of the franchises, plant or business of another public utility unless consent of the commission is first obtained trereto. (Sec. 27).

F—To assign, lease, sell, dispose of or mortgage any of its franchises, plant, equipment or business, except tangible personal property no longer useful) unless consent of the commission is first obtained thereto. (Sec. 29-29).

O—By any means to merge or consolidate its business with that of any other utility unless consent of the commission is first obtained thereto. (Sec. 27).

H—To purchase,acquire or receive any stock, bonds, notes or other evidence of indebtedness or any other public utility, unless consent of commission is first obtained thereto. (Sec. 27).

I—To furnish any service whatsoever to any individual or corporation (except in case of emergency) unless scedule of rates, rules and regulation in reference thereto have been filed and published in accordance with the provisions of the act. (Sec. 36).

J—To change any rate or charge or any rule, practice or contract with reference thereto except on 30 days notice to the commission and by filing new schedule. (Sec. 36).

K—To increase any rate or charge or alter any practice, classification or regulation so as to result in any increase or charge, except on a showing before the commission and finding that such increase is justified. (Sec. 36).

L—To charge any person or corporation more or less than the public rate or charge for any service or commodity for to refund or remit in any manner or by any decree any portion of such charge or to expend any facility or privilege, to any person or corporation not extended to all persons or corporations. (Sec. 38).

N—To discriminate in rates or charges or in facilities or service in any respect whatever between different consumers or between localities or classes of service. (Sec. 39).

N—To charge more for a shorter than a longer haul over same line in the same direction or to charge more for sending telephone or telegraph message a shorter than a longer distance over same lines or to charge more for a lesser than for a greater amount of commodity or service of any public utility under like conditions. (Sec. 40).

O—To construct any new plant, or property which is not in substitution or any existing plant or an extension thereof or an addition thereto unless a certificate is first obtained from the commission that the public convenience require such construction. (Sec. 55).

P—To construct any railroad or street railway over a public road or highway at grade or over track of another railroad for another street railway at grade or within having first secured permission of the commission. (Sec. 58).

Public utilities are compelled by the act to do the following things:

A—To furnish to the commission all information required by it; to make specific answers to all questions, submitted by the commission and to deliver to the commission or allow access to, by any officer of the commmission, all maps, profiles, reports, documents , books, accounts, papers and records in their possession or in any way effecting their business. (Sec. 9).

B—To obey and comply with each and every requirements of every order, decision, rule or regulation made by the commission in any way relating to or effecting its business as a public utility, and to procure compliance with the act and with the order of the commission, by all their officers, agents and employes. (Sec. 9).

C—To maintain an office in one of the villages or cities of the state in which the property of the utility or some part thereof is located, and to keep in such office all the books, accounts, papers, records and memorandums, as shall be ordered by the commmission to be kept in the state, and to file the address of such office with the commission, no books, accounts, etc., ordered by the commission to be kept with the state, shall be removed from the state except as may be allowed by the commission. (Sec. 16).

D—To furnish to the commission annual reports after the year 1913, in form as may be required by the commission, such report shall be filed within three months after the close of the year for which report is made. (Sec. 19).

E—To file monthly report of the earnings and expenses and other special and periodical reports as the commission may require. (Sec. 19).

F—To file with the commission and keep open to the public inspection schedules of all rates and charges, classification, charge for or affecting any service or commodity furnished by any utility; also all rules, regulations, terminal, icing, storing and other charges. (Sec. 33).

H—To print and file or post in every station or office where the public transact business with utility, all schedules of rates, classification, rules and regulations, which are enforced at such office. Sec. 34).

I—To file with the commission a report of any accident occcurring in connection with the property of a publicly utility, which endangers the safety, health or property of any person, where such accident envolves loss of life or limb, notice shall be given by the speediest means of communication possible. (Sec. 56).

A WAY OUT

A Resident of Jacksonville Shows the Way.

There's one effective way to relieve kidney backache.

Liniment and plasters may relieve it;

But they seldom reach the cause.

Backache is cause to suspect the kidneys.

Doan's Kidney Pills are for disordered kidneys.

Jacksonville people back them up.

Read a case of it.

J. B. Seaver blacksmith, 346 E. North street, Jacksonville, Ill., says: "I have used Doan's Kidney Pills with fine results and I am pleased to recommend them. I had pains in the small of my back, especially when I tried to straighten, after stooping. I used Doan's Kidney Pills and they stopped the pains. They also regulated the action of my kidneys."

If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Seaver had—the remedy backed by home testimony. 50c all stores. Foster-Milburn Co., Props., Buffalo, N. Y.

MEDICAL CONGRESS IN LONDON.

London, Aug. 6.—Seven thousand eminent physicians and surgeons, representing the allied professions of medicine and surgery in Europe, America and other parts of the world, were present today at the formal opening of the seventeenth meeting of the International Congress of Medicine. The opening took place in Albert Hall, where delegates assembled to listen to an address of greeting by the Duke of Connaught. Sir Thomas Barlow, president of the congress, occupied the chair. Among those grouped about the president on the platform were a number of noted physicians and educators of the United States and Canada.

The congress will continue its sessions six days. For purposes of discussion and clinical demonstrations it will be divided into numerous sections, each of which will take up a separate branch of medical science. The program is remarkable in its range and comprehensiveness, and it deals with many matters that have a lay as well as merely professional interest. Especial attention is to be given to diseases of children. Radiology also will be a leading subject of discussion. Col. Gorgas and other American service doctors will be especially prominent in the section devoted to naval and military medicine. Col. Gorgas will address the congress on "Sanitary Organization in the Tropics," on which subject he is regarded as one of the foremost authorities in the world.

LORD STRATHCONA IS 93.

London, Aug. 6.—Lord Strathcona and Mount Royal, for many years a foremost figure in Canadian public life and now, with the exception of Lord Wemyss, the oldest peer of the realm, quietly celebrated his 93rd birthday anniversary today. He received a veritable flood of congratulatory messages and among the senders were hundreds of Canadians.

Lord Strathcona's wonderful physical persistence is one of the remarkable features of a wonderful career. In spite of his great age he remains an active man. On last dominion day he shook hands with hundreds of visitors at the Queen's Hall reception and a few days later he was able to preside at the annual meeting of the Hudson's Bay company, of which he is president, and to deliver his annual address to the stockholders.

QUICK RELIEF FOR RHEUMATISM.

George W. Koon, Lawton, Mich., says: "Dr. Detchon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began the use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dresed herself and walked out for breakfast." Sold by L. P. Allcott, druggist.—Adv.

TENARA WINS $12,000 PAPER MILLS STAKE

KENTUCKY MARE WINS ALL FOUR HEATS OF BIG RACE.

Andrews' Mare Captures Third Rich Stake of the Season Before Largest Crowd That Ever Attended a Horse Race in Kalamazoo.

Kalamazoo, Mich., Aug. 6—Before the largest crowd that ever witnessed a horse race in Kalamazoo, the Kentucky mare Tenara, driven by Andrews, easily won the $12,000 Paper Mills stake, the feature of today's Grand Circuit card. The event was raced on the four heat plan, $3,000 for each heat, and the drivers drew for position before each start.

In the first heat Tenara and Judson Girl raced even to the half when Judson Girl broke. Reusens and Santos Maid also broke and Andrews had no trouble in bringing Tenara under the wire an easy winner with Fan Patch second and Reusens following closely. In the second heat, Tenara lay back until the half mile post was reached. Then she went out in front and came under the wire eased up.

In the next two heats Andrews kept the mare in front all the way around.

This is the third rich stake won by Tenara this season, she having captured $10,000 at both Fort Erie and Grand Rapids.

Best time, 2:09½.

Great Western Circuit.

Decatur, Ill., Aug. 6.—More than 6,000 persons crowded the stands today for the second day's event in the Great Western circuit racing. As on the opening day there was excellent time. William, a bay stallion owned by W. W. Marvin of Lafayette, Ill., won both heats of the 3-year-old pace in 2:07¼.

In the 2:18 pace, with the largest purse of the day, $1500, Dixie Hale won three straight heats, her best time being 2:08¾.

Lulu Lumine came home a winner in the 2:14 trot, taking each heat in 2:11¼. Red Cresium, driven by Ganoung, had the second heat won in good shape until Lulu Lumine showed her finishing qualities and won by a head in the last fifty feet.

Summaries.

Three-year-old pace, $700; 2 in 3—William (Marvin), won; Little Bernice, second; Direct Gentry, third. Best time, 2:07¼.

KEOKUK MUST PAY BY AUG. 8.

Cincinnati, O., Aug. 6.—The national baseball commission today issued a notice to all national agreement clubs, in which it said that the Keokuk club of the Central association has failed to settle the award by the commission against that club for $175 in favor of Player R. A. Madigan and that unless the amount is paid by Aug. 8 the club will not be permitted to exercise the privilege of reserving its players, all of whom will become free agents on the termination of their 1913 contracts. Furthermore the Keokuk club will not be eligible for membership in a national agreement league until the claim is settled and the Central association will not be allowed to fill the vacancy until the debt has been fully satisfied.

CARDS GETS CRANDALL IN TRADE FOR M'LEAN.

St. Louis, Aug. 6.—The first move to shake-up the local National league club came today when President Britton announced that he had traded Catcher Larry McLean to the New York Giants for Pitcher Otis Crandall.

McLean, who joined the local club this spring, will leave tonight to join the league leaders in Cincinnati. Crandall is expected to report to Manager Huggins here tomorrow.

Huggins announced that he had several other deals pending and said he hoped to close them in a day or two.

300TH ANNIVERSARY OF MASS.

Bar Harbor, Me., Aug. 6.—A notable celebration was held here today in honor of the 300th anniversary of the first mass said on Maine soil. The celebration was conducted by the Maine Catholic Historical society. It was in 1613, soon after the first permanent settlement was established on Mount Desert Island, that Jesuit missionaries set up their cross and celebrated their first mass.

TWO NEGROES TO HANG.

Fort Worth, Texas, Aug. 6.—Sheriff Rea has completed preparations for a double execution to take place in the county jail here tomorrow. The prospective victims of the noose are Ernest Harrison and Paul Fowler, negroes, who were condemned to death for the murder of Robert Knetsch, a white man, here last year.

CHAUTAUQUA BOOSTERS VISIT SEVERAL TOWNS WEDNESDAY

Three Parties Make Trips—Mark Last of Auto Excursions to Advertise Chautauqua.

Three parties of autoists boosting the Jacksonville Educational Festival and Chautauqua visited a number of towns Wednesday, distributing a large amount of literature and programs, advertising the event.

Fletcher Hopper, T. M. Tomlinson, William Deutsch and Ralph Crabtree, with a number of men in their cars, went to the Nortonville picnic, where they distributed quite a lot of literature. Some of them returned via Franklin and Pisgah and others via Alexander and Arnold.

The other party, which consisted of J. W. Woods and O. E. Tandy's automobiles, went to the New Berlin races and the third party visited the towns to the north and northwest. In the last party were four cars, one frm the Estaque garage, one from the O'Donnell garage, George Spires and C. E. Williamson, and among the men who made the trip were Edward Jenkinson, Carl Hillerby, Harlan Williamson, E. C. Peterson, Bert Taylor, William Brady, Myers Weber, members of the Starr quartet; Abner King, DeMotte Gates, Paul B. Fritchey, W. W. Wharton, Charles Starks and William Hudson. The towns visited were Ashland, Virginia, Beardstown, Arenzville and Concord.

Dinner was taken at Virginia and both at that place and Ashland a short program was carried out and a large amount of literature was distributed. At Beardstown a large quantity of literature was given out and the men went from there to the Arenzville picnic, where through the courtesy of those in charge the members of the quartet were permitted to sing in the band stand and W. W. Wharton gave a short talk, outlining the program.

Wednesday's trips mark the close of the automobile excursions to boost the chautauqua and those who have been in charge of this advertising feature of the educational festival are convinced that a vast amount of good was accomplished through the trips. At all of the places visited Wednesday the men were given a warm welcome and one of the boosters stated that quite a number of people were rather surprised to learn that Jacksonville was to have a chautauqua. Individuals will continue to advertise the chautauqua at picnics and other large gatherings. Mr. Fritchey stated last night that he was leeply grateful to every man who assisted in advertising the chautauqua, particularly the owners of cars and the garage men, who were so kind to take their cars filled with boosters.

WILLS FILED.

The will of John F. Muntman was filed for probate yesterday. Aside from leaving each of his five children $2,000, he leaves the home fam and premises to his wife. The will bears the date of April 24, 1902, and witnessed by B. R. Wilday and George Turnham. David H. Lollis was appointed as executor, but since his death a codicil was made appointing Joseph Schmitt.

The will of the late James R. Morrison of Murrayville was filed yesterday. He leaves all his estate to his wife. The will is dated January 28, 1905, and witnessed by W. L. Meacham and Frank Zoll.

A. H. T. A. PICNIC.

It is expected that over 600 people will take in the A. H. T. A. picnic tomorrow. The picnicers leave here in a special train at 8 o'clock over the C., P. & St. L. for Havana and from there will take the steamer to Pekin. The committee is composed of T. M. Tomlinson, Stansfield Baldwin, T. H. Buckthorpe, A. C. Read and J. K. Long.

WELLS PRODUCING OIL.

The oil well on the James Mahon farm is still producing oil and between 5 and 10 barrels are taken from the well daily. Wm. Cleary is again using natural gas, in his home, three hundred feet of water having been taken out of the well. It was enough for a while that the finds in that part of the county had run out.

WILL VISIT SON.

J. H. Cain has gone to Denver, Colo., to visit his son, Thomas Cain, who has bene there sometime for his health.

MATT DUHR WRITES FROM OKLAHOMA.

Cushing, Okla., Aug. 3, 1913.

Mr. Editor:

This part of the former great American desert has been on the map and in the lurid limelight for many, many years.

It is said that Coronado camped three miles from here over 300 years ago. Washington Irving, while collecting notes for his tour of the prairies traveled between the nine miles distant Twin Mounds and the four miles distant Cimarron river in 1883. Texas rangers and cattle thieves fought a battle on the Twin Mounds in 1862. United States deputy marshals and outlaws had a death-dealing skirmish in Ingalls, twelve miles north of Cushing in 1892.

The Daltons, Bill Doolin and other "bad" men from Bitter Creek often came to this town for powder and whisky in 1891.

"Miss Captain" conducted an outlaw Sunday school on the romantic schools section, five miles from here. She was always armed with a Bible and six-shooter. All her pupils are under the sod.

The Euchee and Muskogee Indians had a fierce battle eight miles east from here about 70 years agoo.

Kack-Kack, the only living descendent of Black Hawk, exists near this place.

The discovery of the wonderful oil and gas pool in this locality eighteen months ago, put Cushing again in the brilliant limelight. Topographically the eleven miles long oil field is a scenic masterpiece.

Wooded hills, grassy table lands, and gar'anded grottos form the enchanting panorama. One thousand, three hundred and eighty 90 feet high derricks rear their heads over the park-like landscape.

The formerly worthless lands in the Tiger-Dog-Coal creek locality were thrust upon the Snake Indians against their will.

Now some of those redskins receive from $200 to $500 oil and gas royalties every twenty-four hours.

Dad Fulkerson, Frank Wheeler and Jack Drum, alias Deering, who happened to own a little land in the now phenominal oil field, became suddenly very rich.

Mr. Wheeler is enjoying himself in Colorado. Dad Fulkerson, who got $200,000 for his 40 acres of rocks and blackjacks, returned to his native Kentucky, escorted by his three hounds. Dad and his dogs will take it easy the remainder of their lives. Hermit Jack Drum, alias Deering, who has lived in the Tiger creek wilderness the last eighteen years, works as hard as ever. He gives away all that he doesn't need. He dearly loves a sackful of potatoes, which is his main diet and had his picture taken hugging the sack. The average person considers Jack Drum rather silly for the reason that he doesn't wish to become rich.

The Cushing oil field is illuminated by hundreds of large torches by night, as the work in the oil field never stop, not even on Sunday; 600 drilled wells furnish the humans, animals and machinery of the field with plenty of good water.

Miles of steel pipes connect the oil-producing wells with the four big pumps that pump the oil to the four refineries in Cushing and to refineries in Komon and Texas. Much of the oil and water pumping is done by natural gas pressure, owing to the great abundance and cheapness of gas.

The nearly free gas will attract more factories ot Cushing. Cushing's population increased from 1,380 to 4,392 since last Christmas.

Another fire-proof schoo' house is being built here. Cushing is on the Santa Fe and M., K. & T. railroads and all the freight used in the oil field is shipped to this place. From 300 to 500 heavy teams are hauling material from here to the oil field every day and often in the night. The haulers, drillers and tool dressers receive from six to eight dollars every day.

Large sums have been paid for leases and on royalties. Yes, the Cushing oil field's history smacks of the marvelous.

Only a few years ago it was the paradise and hiding place of wolves and horse thieves. Infamous, dark, deep Horsethief Gulch is just a quarter of a mile from Jack Drum's castle.

The so-called "shooting" of the 2,000 feet deep oil wells throws the oil nearly 100 feet above the surface, varnishing the foliage of the trees and the grass below.

A few young Indians of this locality do some farming, but the older Sacs and Foxes adhere to the heathen customs of their savage ancestors. They dearly love gambling fire water and dog soup.

This locality will have about 1,800 producing oil and gas wells by next spring. Most of the several millions invested in the Cushing oil fields was invested by Pennsylvanias and over 500 men from the Keystone state work in the field. The best experts at oil drilling come from that state.

The water wagons are pretty well patronized here, but the name of the sneaking wet goods peddler is legion.

This part of God's country will, some day, be inhabited by a large God-fearing population.

Outlaws have been compelled to be under the sod or behind the bars. The tillers of the soil get good money for their produce. The discovery of the new oil and gas pool four miles northeast from here, advanced Cushing property 40 per cent.

The blessings of the oil fields lifted most of the mortgages from the farmer of this region.

It can be truly said that corn, cotton, alfalfa, hogs, oil and gas are our kings.

Matt Duhr.

MORTUARY

Duncan.

Mrs. Phoebe Duncan died at her home, 612 South West street, Wednesday morning at 8:30 o'clock. The deceased was born in Missouri, 1865 and had been a resident of Illinois for the past sixteen years. She was a member of the colored Christian church and is survived by one daughter Mrs. Ada Bell White and a granddaughter. Her husband preceded her in death.

The ermains were taken to the Gillham undertaking establishment and funeral services will be held at the Colored Christian church Friday afternoon at 2:30 o'clock in charge of Rev. George Harliss. Interment will be made in Jacksonville cemetery.

Lester.

Word comes from Springfield of the death at that place Tuesday of Mrs. Louisa J. Lester, a former resident of Alexander. According to the State Journal of Springfield, the funeral service was held at 10 o'clock Wednesday morning, after which the remains were shipped to this city for burial. Mrs. Lester passed away at the age of 59, after an illness of three years. She came with her husband to Alexander in 1871, later removing to Sangamon county. At the death of Mr. Lester in 1907, she moved to Kansas City, where she resided until she returned to Springfield last March.

Kehoe.

Elizabeth B. Kehoe, the youngest daughter of Mrs. N. Baumann Kehoe, died Wednesday morning at her home in Barberton, Ohio. The remains will arrive on the 1:20 Wabash train Thursday afternoon and be taken to the residence of Mrs. Nellie Hopper, 405 Nort Fayette street. Funeral services will be held at 8:45 Friday morning from the Church of Our Savior. Interment in Calvary cemetery.

add DEATHS

Baker.

George H. Baker died Wednesday afternoon at 4:30 o'clock at the residence of his mother, 735 Ashland avenue. He was 38 years of age and was born and reared in Jacksonville. For the past fourteen years he had been residing in New Orleans and about three years ago went to San Antonio for his health. He arrived in Jacksonville Tuesday and his attending physician informed the family that he would not live very long. He was a stone cutter by occupation, having learned his trade of the late Harvey Rowe. He attended the Parochial schools of Jacksonville and also Brown's Business college.

His father died about 12 years ago and he is survived by his mother, Mrs. Anna Baker, and three brothers, William J., Harvey J. and Frank E. Baker, all of this city.

The funeral arrangements will be announced later. Friends are asked to please omit flowers.

FUNERALS

Wilner.

Brief funeral services for William Wilner were held at the late residence on Vine street Wednesday morning at 7:30 o'clock in charge of Rev. J. G. Kupple, pastor of the Salem Evangelical Lutheran church. The remains were taken to Yatesville cemetery where further services were held and interment was made.

ALL ABOARD FOR WOODSON

Going to Woodson for the chicken fry Thursday night of course. Better hurry and get that order in for one of Cherry's high class turn outs.

CHARIVARI NEWLYWEDS.

Party of D. O. O. K. Members Congratulate Mr. and Mrs. J. H. Shriver.

Learning that J. H. Shriver had been married in this city Wednesday a number of members of Ilderim Temple, D. O. O. K. met the newlyweds at the Wabash station last evening and extended their congratulations. Mr. Shriver is quite an enthusiatic member of the Knights of Khorasan and although he resides in Virden, he had been most regular in his attendance at the meetings of the local temple. The local men expected that he would accompany the Jacksonville team to Minneapolis to take part in the Imperial Council sessions and witness the drill team contests, but he informed them that he would be unable to attend, and it was not until Wednesday that the men learned the reason.

One of the local members learned Wednesday afternoon that Mr. Shriver had been married in this city and he lost no time in informing as many of the other members as the time would permit. Quite a large delegation went to the Wabash passenger station carrying with them a large D. O. O. K. banner and Mr. Shriver and his bride were genuinely surprised to see them when they arrived at the depot. Congratulations were extended and Mrs. Shriver was presented a huge bouquet of white roses.

AT MT. ZION THURSDAY.

You'll enjoy supper with the good people of Mt. Zion Thursday night and if you travel in a Cherry outfit it will be an enjoyable outing.

FIRE ON COX STREET.

The fire department responded to a call this (Thursday) morning at 12:20 o'clock to the residence of Bloom Black (colored) on Cox street. It was found that the fire originated in bureau drawers in separate rooms of the home. The fire gained such a headway in one room that much of the wall paper was burned and scorched. The family was not at home having gone last Saturday to Missouri for a visit. Only the chemical was used to extinguish the flames.

LARGE CROWDS ATTEND NORTONVILLE PICNIC

Thousands Gather at Annual Event —Horse Show in the Morning, With Program and Speaking in the Afternoon.

One of the largest attended picnics ever held in Nortonville was Wednesday, the entire day being given over to the entertaining of the many guests. The Nortonville people are widely known for the way in which they do things and nothing was left undone to make the day successful. Over 400 gallons of soup was eaten and over 600 pounds of fish.

In the morning hours a horse show was held and the winners follow: Draft colt, first, M. E. Gilder; second, Claude Bolton; roadster colt, first, Connie Lonergan; second C. H. Covey; best family team, C. G. Edwards. W. S. Story won the prize for being the oldest man on the grounds who could read without glasses. Mrs. Calista McCurley was the oldest woman; the prettiest baby girl was Mildred, daughter of Mr. and Mrs. Lee Crouse and the prettiest baby boy was Marshall, son of Mr. and Mrs. Byron Waters.

Two excellent addresses were given, by H. H. Bancroft of this city and Rev. W. R. Johnson. Barney McCracken gave a recitation, much to the delight of all.

Much of the success of the picnic was due to the committee composed of Dr. T. E. Waters, W. E. Huby and Roy W. Campbell.

THE ONLY WAY.

Perhaps you can't take a long vacation but you can enjoy a short one mightily at the Woodson chicken fry Thursday night. Only one way to get there. Cherry's will tell if you phone 850.

MATRIMONIAL

Shriver-Wright.

J. H. Shriver, aged 70, of Virden, and Mrs. Mary Ann Wright, aged 50 of Lincoln, Neb., were married Wednesday at noon by Rev. J. W. Miller, pastor of Grace M. E. church, at his residence, 876 West State street. They were accompanied by Mr. and Mrs. J. J. Reeve. Mr. Shriver is proprietor of a drug store at Virden and they will reside at that place.

Daniels-Mansfield.

The marriage of Vessie Daniels of Murrayville and Miss Fannie Mansfield of Franklin took place at the Morgan county court house Wednesday, 'Squire W. E. Thomson officiating. They were attended by Martin Daniels, a relative of the groom. They will make their home in Murrayville.

OUT UNDER THE SKY.

Take a drive out in the open country Thursday night and you will find it fool and comfortable. The Mt. Zion chicken supper is a good destination and Cherry's can furnish the rig.

HORSE FRIGHTENED BY AUTO

Animal Runs Away North of Concord Crashing Into Oncoming Buggy—No One Injured.

Becoming frightened by a passing Ford automobile, the driver of which is not known, a horse being driven by a Mr. Rexroat of Concord, became unmanageable Wednesday afternoon and ran away, crashing into an oncoming buggy, throwing all of the occupants out. No one was injured, however, although there were some narrow escapes.

The accident occurred on the hill just north of Concord and when the animal started to run both Mr. Rexroat and the man riding with him were thrown out. Seeing the runaway horse approaching, one of the automobiles full of Jacksonville chautauqua boosters, drove to one side of the road and avoided a collision, but a buggy coming directly behind was struck by the buggy and the occupants threw out. The man in the second buggy caught his little daughter before she fell to the ground and stopped his horse, which had started to run. Both of the vehicles were badly damaged.

WHITE SOX TO PLAY FRANKLIN.

The White Sox will go to Franklin Sunday with the firm intention of winning the third game of the series and thus breaking the tie. The first game was won by Franklin by a score of 4 to 3 and the second by the Sox 8 to 5. The batteries Sunday will be: White Sox, Nelson, Simms and Clark; Franklin, McMannus and Lonergan.

MATINEE AT NEW BERLIN

LARE CROWD ATTEND INTERESTING CARD OF RACES.

Maranda Owned by Caldwell Wins 2:25 Pace—Gift Gamaleon Annexes in Easy Fashion the Free For All Pace.

Another profitable and largely attended matinee was held at New Berlin Wednesday afternoon, many from Jacksonville being present. Springfield sent over a special train and over a thousand people witnessed an interesting program. A five mile automobile race between William Hunter of Springfield and Ralph Washburn of Loami was to have been a feature of the matinee but Mr. Hunter was not able to be present so Charles Washburn took the track alone to beat the former time of 7:24. He failed by several seconds covering the distance in 7:30½.
